Mobile: +91 6376338088

SKILLS

Languages:	C/C++, Java, Python
Tools/Platforms:	Vs Code, Jupyter, MS excel, MS Word, Power BI, Git/GithHub, Docker.
Frameworks & Libraries:	Pandas, Scikit-Learn, Matplotlib, MLP, Django, Hadoop, Cassandra, Hive, React
Core CS Fundamentals:	DBMS, BigData, SQL, OOPs, Data Structures and Algorithms
Soft Skills:	Time Management, Leadership, Problem-Solving

PROJECTS

AlphaLens – Multi-Agent AI Research Assistant | [Live Demo](#) | [Source Code](#) Jun 2026 – Jul 2026

- Built an AI-powered multi-agent research assistant using Python, FastAPI, React.js, and Groq Llama 3.3.
- Integrated LLM APIs to generate structured, context-aware responses through prompt engineering.
- Designed asynchronous REST APIs, improving backend throughput by approximately 30% for AI request processing..

Tech Stack: Python, Prompt Engineering, FastAPI, LangGraph

Elite-Kicks (Premium E-commerce) | [Live Demo](#) | [Source Code](#) Jan 2026 - Feb 2026

- Architected a robust full-stack ecosystem using Django and MySQL, implementing a custom REST API to automate real-time inventory and product catalog updates.
- Streamlined backend processing and front-end assets, leading to a 30% improvement in page responsiveness and high-fidelity user experience across all devices.
- Fortified platform security by deploying Django's advanced authentication protocols, ensuring 100% protection for user sessions and transaction data.

Tech Stack: Django, RestAPI

Auto Sector Performance Analytics | [Live Demo](#) | [Source Code](#) Nov 2025 - Dec 2025

- Developed a predictive analytics pipeline for 230+ automobile manufacturers to automate market segmentation and revenue forecasting.
- Applied K-Means clustering to uncover distinct financial behavior patterns, achieving a Silhouette Score of 0.85.
- Trained a Bagging Classifier ensemble model reaching 99% accuracy, outperforming SVC and Decision Tree baselines.

Tech Stack: Python, Pandas, NumPy, Scikit-learn, Matplotlib

INTERNSHIP

Machine learning Intern | IIT (BHU), Varanasi May 2026 - Present

- Working on Machine Learning and Data Analytics projects involving data preprocessing, feature engineering, and model development.
- Performing exploratory data analysis (EDA), data visualization, and model evaluation.
- Developed and trained Convolutional Neural Networks (CNNs) and Deep Learning models for image classification and predictive analytics tasks.

CERTIFICATES

Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate | [LINK](#) Apr 2026

Oracle Data Platform 2025 Certified Foundations Associate | [LINK](#) Apr 2026

Computational Theory: Language Principle & Finite Automata Theory – Infosys | [LINK](#) Aug 2025

ChatGPT-4 Prompt Engineering: ChatGPT, Generative AI & LLM – Infosys | [LINK](#) Aug 2025

EDUCATION

Lovely Professional University Phagwara, Punjab
Bachelor of Technology Aug 2023 - Present
Computer Science and Engineering; CGPA: 7.8

PM Shri Kendriya Vidyalaya No. 1 Gorakhpur (Air Force Station) Gorakhpur, Uttar Pradesh
Intermediate Apr 2022 - May 2023
PCM; Percentage: 63

PM Shri Kendriya Vidyalaya Uttarlai (Air Force Station) Uttarlai, Rajasthan
Matriculation Apr 2021 – May 2022
Percentage: 75
